U.S. Immigration regulates that all international students produce evidence of their capability to meet all financial obligations while attending school in the United States. It is absolutely essential for you to submit the two documents describe below.

Applications will not be forwarded to the admissions committee until the documents have been received by the Graduate Business Programs Office. Furthermore, the International Center cannot process your request for the issuance of an I-20/DS-2019 Form without these documents.

The required documents consist of the following:

1. A letter (declaration) of financial support from the person(s) or sponsoring agency providing funds for your tuition and living expenses for the duration of your study at Saint Louis University.
2. A letter (certification) from the sponsor's bank verifying that such funds currently are available and will be so for each subsequent year of your study at this University. The financial evidence must cover at least the amount of expenses needed for the first year of your study.

The estimated amount for one academic year is:

**Living Expenses*: $16,836
+ *Tuition per year*: $_____
- *Scholarship received*: $_____

Important Visa Information

It is increasingly difficult to change from a tourist to a student visa. You are advised not to enter the U.S. on a tourist visa (B-2) unless you have the words "PROSPECTIVE STUDENT" written on your entry visa.
